

Ciencia y Científicos de Cine ¿La realidad supera a la ficción?

Candilejas (Charles Chaplin 1952)

El adiós cinematográfico de uno de los grandes del cine mudo

*I'll be loving you eternally
With a love that's true, eternally
Tho' the sky should fall, remember I shall always be
Forever true and loving you eternally*

Cantando bajo la lluvia (Stanley Donen – Gene Kelly 1952)

No todo fue fácil en el paso del cine mudo al sonoro

*I'm singin' in the rain, just singin' in the rain
What a glorious feeling, I'm happy again
I'm laughing at clouds so dark up above
and I'm singin' just singin' in the rain*

El Mago de Oz (Victor Fleming 1939)

El color llega al cine musical

*Somewhere over the rainbow way up high
There's a land that I heard of once in a lullaby
someday I'll wish upon a star and wake up where the troubles are behind me
why oh why can't I*

Blancanieves (Walt Disney 1937)

El primer largometraje de animación

*Heigh ho, heigh ho,
to make your troubles go
just keep on singing all day long, heigh ho, heigh ho
Heigh ho, heigh ho, for if you're feeling low,
you positively can't go wrong, heigh ho, heigh ho*

2001: Odisea en el Espacio (Stanley Kubrick 1968)

Para muchos la primera y gran obra maestra de la ciencia ficción

La Guerra de las Galaxias (George Lucas 1977)

La galaxia nunca volvió a ser la misma. Y las princesas de Disney dejaron de ser las únicas a imitar

Regreso al Futuro (Robert Zemeckis 1985 - 1990)

Cuando el futuro llega el 21 de octubre de 2015

*Deep down in Louisiana close to New Orleans
Way back up in the woods among the ever greens
there stood a log cabin made of earth and wood
where lived a country boy named Johnny B. Goode
Who never ever learned to read or write so well
But he could play a guitar just like he's ringin' a bell
Go go
go Johnny go
go
(x3)
Johnny B. Goode*

Nueve Semanas y Media (Adrian Lyne 1986)

Marcó un hito en la historia del cine, aunque no desde el punto de vista científico

*You can leave your hat on
You can leave your hat on
You can leave your hat on*

Toy Story (John Lassater 1995)

Primera película generada totalmente por computador

*You've got a friend in me
you've got a friend in me
when the road looks rough ahead
and you're miles and miles from your nice warm bed
you just remember what your old pal said
Yeah, you've got a friend in me*

El Hobbit (Peter Jackson 2012-2014)

Ejemplo de lo más novedoso de las más novedosas técnicas cinematográficas

Del Revés (Pete Docter – Ronaldo del Carmen 2015)

Último gran estreno del cine de animación. Mezcla, literalmente, sentimientos y tecnología

*You're insecure
Don't know what for
You're turning heads when you walk through the door
Don't need make up
To cover up
Being the way that you are is enough
Everyone else in the room can see it
Everyone else but you
Baby you light up my world like nobody else
The way that you flip your hair gets me overwhelmed
But when you smile at the ground it ain't hard to tell
You don't know Oh Oh
You don't know you're beautiful*
